Event report

The webinar on “M.E.A.N (MongoDB, Express, AngularJS, Node.js),” led by Mr. Abdur Rahman on 30.7.2018, provided a comprehensive introduction to the MEAN stack, showcasing its integrated approach to building dynamic web applications. Mr. Rahman covered key components of the stack—MongoDB for database management, Express for server-side logic, AngularJS for front-end development, and Node.js for server-side scripting—demonstrating how these technologies work together to create efficient, scalable applications. The session included practical examples and a live coding demonstration, which received positive feedback for its clarity and depth. Attendees appreciated the detailed insights and practical tips shared, though some suggested a deeper dive into advanced features and integration techniques.

NATIONAL SERVICE SCHEME

Date change

NSS DAY 2022

National Service Scheme, also known as NSS, is an extension of activities for students pursuing higher education to increase their participation in community service, in addition to their curriculum. Each volunteer must complete 120 hours of social service in one academic year. **September 24** is observed as NSS Day since 1969 and is marked across the nation with great enthusiasm. It is the day when this public service scheme was officially launched in India. NSS was launched on September 24, 1969, by Dr. V.K. R.V. Rao, the father of NSS and then Education Minister of India, in 37 universities. Covering all states of India, NSS had 40,000 volunteers at that time. NSS Day is a celebration to commemorate the tireless efforts of each volunteer towards the welfare of one and all.

Aalim Muhammed Salegh College of Engineering celebrated NSS day by giving Awareness talk about NSS History, Significance, Messages and Motto of NSS.

In this Programme, Guest Speaker, Mr.S.Jai Krishnan, Inspector of Police, T8 Muthapudupet Police Station, Principal Prof. Dr.S.Sathish, Prof. Dr.A.S. Salma Banu ECE HOD, Mr.G.Vinoth Kumar. Director of Physical Education, Dr.K.Suresh kumar NSS Programme Officer and 300 students were gathered during the occasion. Our Guest speaker delivered speech on significance of NSS and vital role of NSS in the society. Students were inspired by his speech.

EVENT REPORT: WEB DESIGNING SEMINAR

Date: 06/12/2018

Time: 2 pm to 3 pm

Participants: CSE Students

Venue: Abdul kalam azad hall

Organized by: Department of Computer Science, Aalim Muhammed Salegh College of Engineering

Resource Person: Mr. Mohammed Shabi, Ifelse Technologies, Chennai

Outcome of the Event:

The seminar commenced with Mr. Mohammed Shabi introducing the basics of web designing, emphasizing its relevance in today's digital world. He elaborated on various web technologies and tools, highlighting their applications and advantages.

The session included a practical demonstration, where Mr. Shabi showcased real-time web designing processes, providing students with valuable hands-on experience. The Q&A session allowed students to engage directly with the expert, addressing their queries and gaining further insights.

Event report

The event on "Secrets to Success & Technology Trends in Big Data," presented by Mr. Aarif Mohamed Hussain on 29.9.2018, explored critical strategies for achieving success in the rapidly evolving field of big data. Mr. Hussain delved into the latest technological trends, including advancements in data analytics, artificial intelligence, and machine learning, highlighting their impact on decision-making and business growth. The session offered practical insights into harnessing big data for competitive advantage and discussed emerging tools and methodologies. Attendees valued the actionable advice and forward-looking perspective, though some requested more detailed case studies and hands-on demonstrations to deepen their understanding.

Nadu 600055

About The Institute

Established in 1990, Aalim Muhammed Salegh Trust aims to impart technical education to aspiring students. It focuses on providing educational opportunities to students belonging to weaker social and economic sections as well as to those who hail from backward communities. Lack of economic means should not be a constraint to the poor and the indigent to acquire education and tread the path of progress and development. This underlying commitment is the spirit behind the trust that promotes education amongst all strata of the society with a view to dispel ignorance and superstition, eradicate illiteracy and equip the youth with knowledge and training that will improve their employability and pave way for their gainful employment eventually leading to the development of the society as a whole.

Discussion on

Introduction to Blockchain.
Blockchain network.
How cryptocurrencies are created, transacted.
Possibilities and limitations of blockchain technology.
Languages used in Blockchain contracts.
The Future of Blockchain Technology.

About The Event

Blockchain is an emerging technology that can radically improve banking, supply chain, and other transaction networks and can create new opportunities for innovation. Businesses contain many examples of networks of individuals and organizations that collaborate to create value and wealth. These networks work together in markets that exchange assets in the form of goods and services between the participants.

Blockchain technology provides the basis for a dynamic shared ledger that can be applied to save time when recording transactions between parties, remove costs associated with intermediaries, and reduce risks of fraud and tampering.

Event Report

On July 22, 2019, students at Aalim Muhammed Salegh College of Engineering attended an enlightening guest lecture on block chain technology held at Virtual Hall. An expert in the field, the session covered fundamental concepts of block chain, its diverse applications beyond crypto currencies, and the current challenges and future trends. The interactive Q&A segment allowed students to engage deeply with the topic, fostering a greater understanding of block chain's potential and implications. The event was well-received, providing valuable insights and sparking interest in this transformative technology.

Sir,

Sub: Request and Proposal for conducting Short term Course –Reg.,

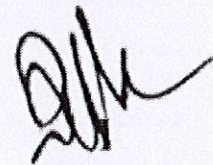

In order to improve the technical skills of III year and IV year of IT students, the Department of Information Technology has planned to conduct a Short term course on “**JAVA PROGRAMME**”. The Course will be conducted by “**M/s.iNautix Technologies Pvt Ltd**”. I hereby officially intimate you regarding the course and get your formal consent.

Date: 10th & 11th Sep 2019

Hence, I kindly request you to grant approval to organize the Short term course.

Thanking you,

Yours faithfully,

Event Report

Java Programming

On September 6, 2019, the Head of the Department of Information Technology at Aalim Muhammed Salegh College of Engineering formally submitted a proposal to the Principal, requesting approval for a short-term course titled Java Programming. This course is designed to significantly enhance the technical skills of third and fourth-year IT students by providing them with advanced training in Java programming. The instruction will be delivered by M/s iNautix Technologies Pvt Ltd, a reputable firm renowned for its expertise in technology training and its strong alignment with industry standards. The primary goal of the course is to equip students with both theoretical knowledge and practical experience, ensuring that their skills are in line with current industry requirements.

The proposal emphasizes the importance of bridging the gap between academic learning and real-world application, which is critical for preparing students for successful careers in technology. By integrating this advanced programming course into the curriculum, the department aims to enhance the students' job readiness, improve their technical capabilities, and increase their competitiveness in the job market. The course is expected to provide valuable hands-on experience that complements the theoretical knowledge gained in their academic studies.

The proposal details the course's potential benefits, including the development of critical programming skills, exposure to industry practices, and enhanced career prospects for students. It also outlines the steps required to organize and implement the course, including scheduling, resources, and logistical arrangements. By seeking formal consent from the Principal, the department is aiming to advance its educational objectives and support the professional growth of its students. The approval of this proposal will enable the college to offer a high-quality training program that addresses the needs of both the students and the technology industry, thereby contributing to the overall academic and professional success of its IT students.

ABOUT THE COLLEGE

Aalim Muhammed Salegh College of engineering is a self – financing institution managed by Aalim Muhammed Salegh Trust, Chennai. The college offers Six UG programmes and One PG programme approved by AICTE, New Delhi, affiliated to Anna University, Chennai. The college is located at Muthapudupet, AVADI-IAF, Chennai and easily accessible by train and road. The vision of the Institution is to impart value oriented technical education and to infuse a sense of discipline and humanitarian culture to mould the youth.

About the Programme

An integrated development and debugging environment (IDDE) is a software suite that consolidates all the tools required to write, debug and test software.

Developers use numerous tools throughout software code creation, building and testing. Development tools often include text editors, code libraries, compilers and test platforms. Without an IDDE, a developer must select, deploy, integrate and manage all of these tools separately. An IDDE brings many of those development-related tools together as a single framework, application or service. The integrated toolset is designed to simplify software development.

This Faculty Development Programme is aimed to provide an excellent platform for an in-depth discussion and interaction on integrated development and debugging environment (IDDE)

Topics Covered but not limited to:

- Introduction to DSP and Blackfin processors
- Introduction to Visual DSP++ Tools
- How to analyze applications and fine tune them
- Performance improvement using chip features
- EZ-KIT Lite and Daughter cards
- JTAG Emulators

- Simulation, Emulation and Evaluation
- Building and Debugging projects
- Development Process on DSP
- Code Development and Debugging Tools
- Building and Running a C Program
- Modifying a C Program Code to Call an Assembly Routine Plotting Data
- FIR Filters, FFT, Frequency Response
- Linear Profiling and Statistical Profiling

Resource Person

Resource person Professor Dr.Ratina Lakshmi.N, Agni College of Technology, in Thalambur, Tamil Nadu

Eligibility

The program is intended for the Faculty Members of all the Engineering colleges.

Important Dates

Last date for receipt of application : 26/6/2020

About the Department

The Department of Electronics and Communication Engineering is well-equipped with the state-of-art laboratories. The department has regularly been producing efficient students with outstanding academic and overall performance. The department has experienced faculty members with different specialization. We have the credit of being rated at the fifth place among the engineering colleges in Tamilnadu by A.C.Nielson Group.

The vision of ECE Department is to prepare and mould creative, globally competent engineers with professional excellence in the field of Electronics and Communication.

Event Report

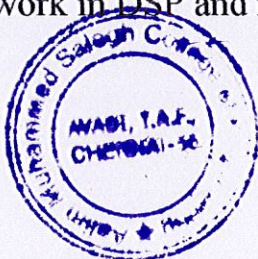

Integrated Development and Debugging Environment (IDDE)

On July 27, 2020, Agni College of Technology in Thalambur, Tamil Nadu, hosted an insightful Faculty Development Programme dedicated to the Integrated Development and Debugging Environment (IDDE) in the field of Digital Signal Processing (DSP). The session was expertly conducted by Professor Dr. Ratina Lakshmi N, who provided a comprehensive overview of how IDDEs streamline and enhance the software development process. An IDDE integrates various essential tools, such as text editors, code libraries, compilers, and testing platforms, into a single, cohesive framework. This integration simplifies complex development tasks and improves overall efficiency by reducing the need for separate tool management.

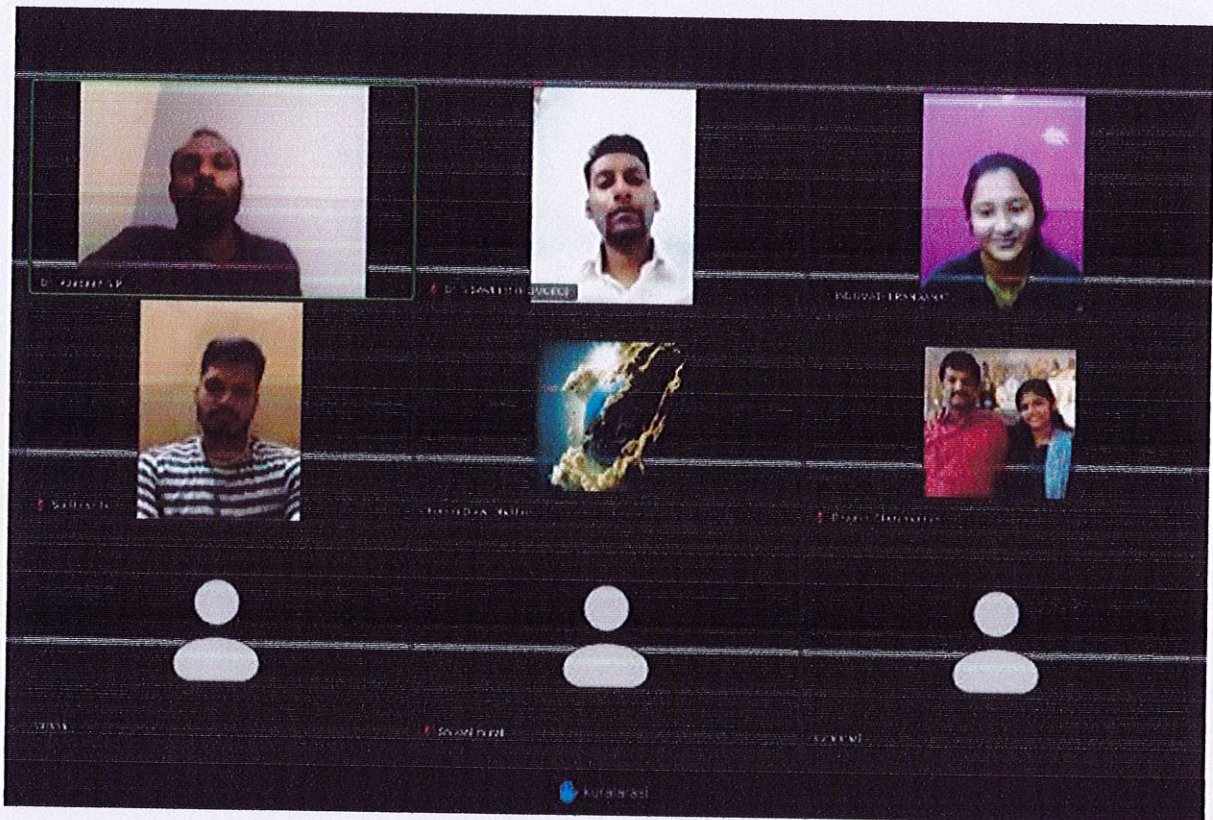

The programme aimed to achieve several key objectives: first, to offer an in-depth understanding of IDDEs and their applications within DSP; second, to create an interactive platform for discussions and knowledge exchange; and third, to provide hands-on experience with IDDE tools, thereby equipping participants with practical skills. Attendees engaged in detailed sessions that explored the functionalities and advantages of IDDEs, emphasizing their role in enhancing productivity and simplifying workflows.

Interactive demonstrations allowed participants to gain practical insights into how IDDEs can be effectively utilized in various development scenarios. The event also facilitated networking among faculty members, fostering collaboration and the sharing of best practices. This networking aspect was particularly valuable for building professional connections and exploring potential research collaborations.

By the conclusion of the programme, participants had developed a robust understanding of IDDEs, which they could directly apply to their research and teaching activities. The programme not only deepened their technical knowledge but also enhanced their ability to leverage IDDEs to streamline development processes. Overall, the successful execution of this Faculty Development Programme contributed significantly to the participants' professional development, providing them with the tools and knowledge needed to advance their work in DSP and related fields.

TARGET PARTICIPANTS

The Department of ECE offer One day WEBINAR on Sharpen your Interview Skills 21/01/2021. It is great opportunity to students to quench knowledge in interview. This is the ultimate source for anyone wishing to gain practical hands-on exposure. Those who are really interested to learn can register your name on or before 21/01/2021 to Asst. Prof. Mohamed Mydeen A.

The number of participants is limited to fifty (90). The registration is based on First come first served Basis.

ABOUT THE WORKSHOP:

The advent and exponential rise in the number of web, mobile and IoT based applications has led to the generation of mammoth volumes of data, termed as „Big Data“. Today, big data is pervasive in multiple domains such as healthcare, social media, predictive modelling, ecommerce, finance and business analytics and many more. This big data can be turned into a valuable asset only if it is efficiently stored, processed and analyzed. As a consequence, there is a huge requirement for big data systems and tools by applications generating as well as utilizing this data.

Remarkable progress has been made in the field of big data, yet there exist a number of challenges with regard to its efficient handling and utilization. The objective of this webinar is to provide an opportunity for researchers and practitioners from academia and industry to gain insights into the developments along with the existing research challenges in this domain, as well as a practical exposure to effective big data systems, tools and related applications.

Event Report

Sharpen your Interview Skills

On January 21, 2021, the Department of ECE hosted a one-day webinar titled Sharpen Your Interview Skills, aimed at equipping students with essential techniques and practical insights for improving their interview performance. This event provided a prime opportunity for participants to gain hands-on experience and refine their skills in preparation for job interviews.

Registration, which was open until January 21, 2021, was limited to 90 participants on a first-come, first-served basis, ensuring an interactive and personalized experience for each attendee. In addition to focusing on interview skills, the webinar delved into the realm of Big Data, highlighting its significance in the context of the explosive growth of web, mobile, and IoT applications.

With vast amounts of data generated across diverse sectors such as healthcare, social media, predictive modeling, e-commerce, finance, and business analytics, the webinar emphasized the necessity of effective data management. Despite notable advancements in Big Data technologies, challenges remain in efficiently storing, processing, and analyzing data.

The webinar provided valuable insights into recent developments, existing research challenges, and practical applications of Big Data systems and tools, bridging the gap between theoretical knowledge and real-world application. This comprehensive approach underscored the critical role of innovation and effective data management in harnessing the full potential of Big Data and addressing the complexities of the modern data landscape.

Respected Sir,

Sub: IT - Requisition for conducting webinar on career in software testing- Reg.

I wish to inform your good self that a webinar is arranged for the benefit of the **Final Year, Third Year and Second Year Students** in our department. I hereby officially intimate you regarding the course and get your formal consent.

Details :

Resource person : Er.Hajeera Banu
Team Lead – R&D- IT, Astragenica

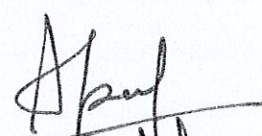

Topic : Webinar on career in software testing

Date / Time : 05.01.2022

Thanking you,

Yours faithfully,

Career in Software Testing <hajeerabanu@gmail.com>

02 January 2022 at 3:10 pm

To: IT DEPARTMENT <it@aalimec.ac.in>

Dear HOD/IT

Your letter of request for the Webinar on "Career in Software Testing" been accepted. Topics to be discussed

- o Basic Testing Vocabulary
- o Quality Assurance versus Quality Control
- o The Cost of Quality
- o Software Quality Factors
- o How Quality is Defined
- o Why Do We Test Software?
- o What is a Defect?
- o The Multiple Roles of the Software Tester(People Relationships)
- o Scope of Testing
- o When Should Testing Occur?
- o Testing Constraints
- o Life Cycle Testing
- o Independent Testing
- o What is a QA Process?
- o Levels of Testing
- o The "V" Concept of Testing

Event Report

Career in Software Testing

A one-day webinar on "Career in Software Testing" was held on 5th January 2022. The event featured Er. K. Hajeera Banu, Test Lead in R&D IT at AstraZeneca, as the resource person. The session was designed to provide attendees with a comprehensive understanding of the technical skills required in software testing, as well as insights into the growing demand for professionals in this field.

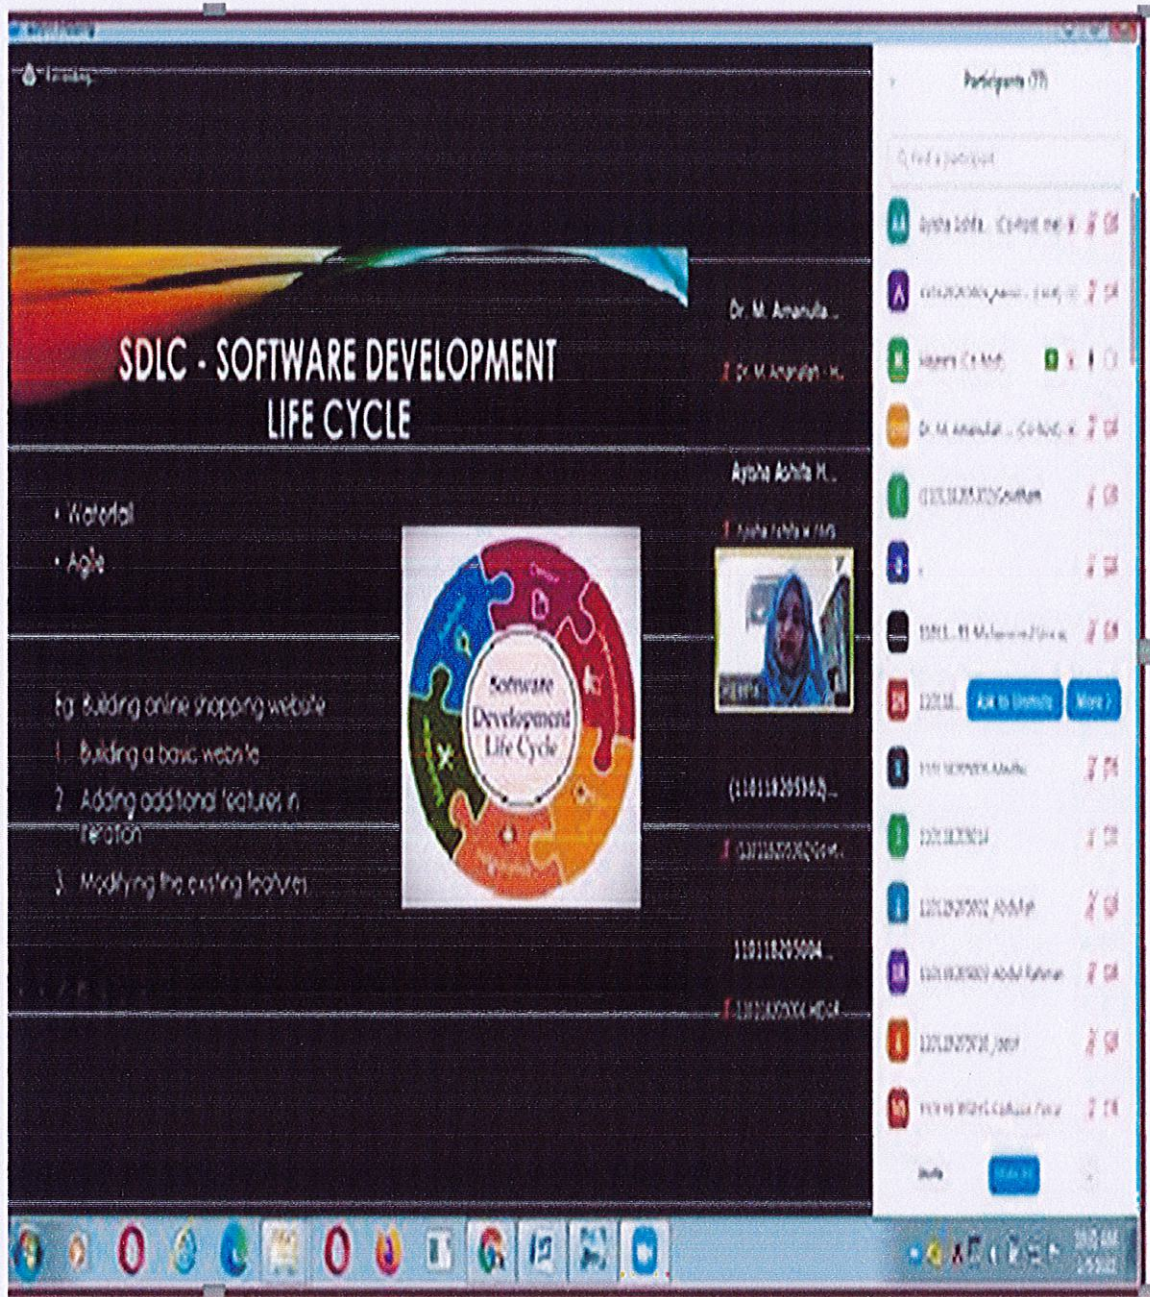

Throughout the workshop, students gained valuable knowledge about various aspects of software testing, including the different testing methodologies, tools, and best practices used in the industry. The webinar also shed light on the importance of quality assurance and the critical role testers play in delivering reliable and bug-free software.

Additionally, the webinar facilitator, Swati, was noted for her professionalism and her ability to address every question posed by the participants. She explained concepts in a clear and understandable manner, ensuring that students could fully grasp the nuances of software testing. Swati also remained approachable after the event, encouraging students to reach out with any further queries or suggestions.

The event was well-attended by students from the Information Technology department, who left the session with a greater appreciation for software testing as a career path and with enhanced knowledge of the skills needed to excel in this field.

Event Report

Prepare Yourself for Industry 4.0

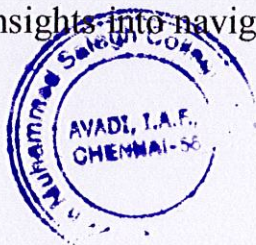

On April 13, 2022, Er. Muhammed Ilyas delivered an engaging and informative webinar titled “Prepare Yourself for Industry 4.0,” focusing on the key aspects of the fourth industrial revolution. This session provided attendees with a comprehensive overview of the emerging technologies that are reshaping modern industries, including the Internet of Things (IoT), Artificial Intelligence (AI), robotics, and advanced data analytics.

Er. Ilyas emphasized the need for professionals and organizations to adapt their skills and strategies in order to thrive in the rapidly evolving Industry 4.0 landscape. He discussed the importance of understanding and integrating these technologies into business processes, stressing that staying competitive requires continuous learning and a forward-thinking approach.

In addition to the technical overview, the webinar provided practical guidance on how businesses can begin implementing Industry 4.0 technologies. Er. Ilyas discussed key strategies for digital transformation, offering participants clear, actionable advice on how to leverage these innovations to enhance business performance. He also touched on the challenges that may arise during this transition, such as workforce reskilling, infrastructure requirements, and cybersecurity concerns.

Feedback from participants was largely positive, with many appreciating the speaker’s ability to simplify complex topics and provide relevant strategies. Attendees highlighted the actionable insights presented, particularly regarding the blend of both technical and strategic perspectives

Overall, the webinar served as a crucial resource for professionals seeking to stay ahead in an era marked by rapid technological change, offering them valuable insights into navigating the future of Industry 4.0.

**Subject: Appreciation Letter for being our Guest Speaker in the Webinar
"Basic to Advanced LaTeX" organized on 21-01-2023.**

Dear Sir,

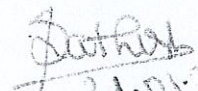

I would like to take this opportunity to express my heartfelt thanks and appreciate your wonderful presentation in the webinar "Basic to Advanced LaTeX" organized by the Department of Science and Humanities (Mathematics), Aalim Muhammed Salegh College of Engineering, Chennai on 21-01-2023 Saturday 10:30 A.M.

It is an honour for our Institution to have you as our guest speaker in our webinar.

We are thankful for the time and effort you took to share your thoughts and experiences with the Faculty Members and Students who have participated in this webinar.

The webinar was a huge success. All thanks to your enlightening words.

Yours Sincerely,

21.01.2023

Respected Sir,

Through the HOD / Science and Humanities,
SUB: Request letter for conducting webinar – Reg,

I am writing this letter in order to request you for conducting webinar through Zoom platform. The resource person is Assistant Professor Dr. G. Arun Kumar from the Department of Mathematics, IIT Madras. We are planning to arrange the webinar on 21/01/2023, Saturday at 10:30am on the topic “Basic to Advanced LaTeX”. I humbly request you to grant permission for the same. Kindly do the needful.

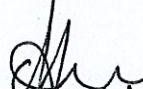

Thanking you

Yours faithfully

Bhuvaneshwari Raja

To Principal Sir,

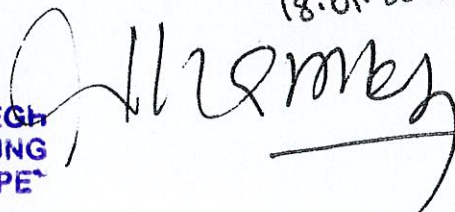

We are planning to conduct webinar on 21/1/23. In this regard kindly give the permission for the same. Forwarded to your kind approval.

18/01/23.

Forwarded to A.O Sir for Approval

Event Report

Basic to Advanced LaTeX

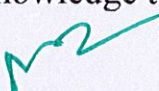

On January 21, 2023, Dr. Arun Kumar conducted an informative seminar titled "Basic to Advanced LaTeX," providing participants with a comprehensive understanding of the LaTeX typesetting system. The session catered to both beginners and more experienced users, covering a wide range of topics from basic document creation to advanced typesetting techniques.

Dr. Kumar started with the fundamentals of LaTeX, including document structure, formatting, and mathematical typesetting, which were essential for beginners. As the seminar progressed, he delved into more complex topics, such as creating custom document classes, managing packages, and implementing advanced formatting techniques. The seminar's hands-on approach, with practical examples and exercises, helped participants apply their learning in real-time, enhancing both their understanding and proficiency in using LaTeX for academic and professional purposes.

Attendees responded positively to the comprehensive nature of the seminar. They appreciated Dr. Kumar's ability to simplify complex topics and provide clear, actionable guidance. Many highlighted the value of the practical demonstrations, which made the learning experience more engaging and effective. However, some participants expressed interest in a deeper focus on troubleshooting common issues and integrating LaTeX with other tools, which were briefly discussed but could benefit from further exploration.

The seminar effectively equipped participants with the skills to utilize LaTeX efficiently, making it an invaluable session for anyone aiming to enhance their document preparation skills. Attendees gained practical insights and hands-on experience, which will significantly streamline their ability to create professional and polished documents. The session's comprehensive coverage of LaTeX features and techniques provided a solid foundation, ensuring that participants can confidently apply their new knowledge to their future projects.

To

The Principal,
Aalim Muhammed Salegh College of Engineering,
Chennai-600055.

Sir,

Sub: Intimation of COMPARATIVE ANALYSIS OF VERTICAL AXIS AND HORIZONTAL
AXIS WIND TURBINES USING QBLADE SOFTWARE - Workshop in EEE Department-Reg

I want to let you know that a workshop has been planned for our department's second-year students as part of their academic activities. I am officially requesting your formal approval of the course and informing you about it.

Details : **Resource person** : Dr. A. Mohanasundaram,
Aalim Muhammed Salegh College of Engineering,
Chennai-600055.

Topic : COMPARATIVE ANALYSIS OF VERTICAL AXIS AND HORIZONTAL AXIS WIND
TURBINES USING QBLADE SOFTWARE - Workshop

Date : 09-02-2023

Thanking you,

Yours faithfully,

HOD-EEE

Event Report

Comparative Analysis of Vertical Axis and Horizontal Axis Wind Turbines Using QBLADE Software

On February 11, 2023, Dr. A. Mohanasundaram presented an insightful session on the “Comparative Analysis of Vertical Axis and Horizontal Axis Wind Turbines Using QBLADE Software.” The event provided an in-depth evaluation of the two primary types of wind turbines, focusing on performance metrics such as efficiency, power output, and aerodynamic characteristics.

Using the advanced simulation tool QBLADE, Dr. Mohanasundaram conducted a detailed comparison between vertical axis wind turbines (VAWT) and horizontal axis wind turbines (HAWT). The session explored the strengths and limitations of both turbine types under varying operational conditions. Dr. Mohanasundaram demonstrated how each design performs in terms of energy generation, efficiency, and responsiveness to wind speed fluctuations, providing valuable insights into which turbine type may be more suitable for specific environments and applications.

The audience, composed of students, researchers, and industry professionals, greatly appreciated the thorough simulations and the speaker’s ability to translate complex aerodynamic data into understandable conclusions. The analysis clarified the design trade-offs between VAWTs and HAWTs, helping participants to grasp the relative benefits of each.

While the theoretical analysis was well-received, some attendees expressed a desire for more real-world case studies and practical examples to further illustrate how the turbines perform outside of controlled simulations. They suggested that including more examples from actual installations would have complemented the technical discussion and provided additional context for real-world applications.

REPORT ON WEBINAR SESSION ORGANIZED BY DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING.

TOPIC&DATE:

Comparative Analysis of Vertical Axis and Horizontal Axis Wind Turbine using QBLADE Software, 11.02.2023.

The event garnered significant interest, attracting a total of 227 registrations, with 151 participants attending the session. Among these attendees, 136 were external participants (90%), representing a diverse group of doctorates, research scholars, faculty members, and students from various engineering colleges across Tamil Nadu. The remaining 15 participants were internal members from our institution.

Prof. Dr. Mohanasundaram provided an in-depth comparative analysis of vertical axis and horizontal axis wind turbines using the QBLADE software, offering valuable insights into the design, efficiency, and operational dynamics of both types of turbines. His expertise and engaging presentation style were highly appreciated, earning excellent feedback from all participants. The session proved to be a remarkable learning opportunity, enriching the knowledge base of attendees and fostering a deeper understanding of wind energy technologies. The success of this webinar underscores the commitment of the Department of Electrical & Electronics Engineering to advancing technical education and research through such insightful and well-organized events.

IN SUMMARY

Total Registrations: 227

Total Participants: 151 Total number External Participants: 136 (90%)

Total number internal Participants: 15

This session got excellent feedback from all the participants.

Resource person:

Prof .Dr. A. MOHANASUNDARAM,
(PhD in WIND ENERGY, CEG, Anna University, Chennai-25)

Event report

The event on "Comparative Analysis of Vertical Axis and Horizontal Axis Wind Turbines Using QBLADE Software," presented by Assistant Professor Dr. A. Mohanasundaram on 11-02-23, provided an in-depth evaluation of wind turbine types using advanced simulation tools. Dr. Mohanasundaram utilized QBLADE software to compare the performance metrics of vertical axis and horizontal axis wind turbines, including efficiency, power output, and aerodynamic characteristics. The analysis highlighted the strengths and limitations of each turbine type in different operational conditions. Attendees appreciated the detailed simulations and practical insights, which clarified the advantages and trade-offs between the two designs, though some requested further discussion on real-world applications and case studies to complement the theoretical analysis.

Name of the Participant	Name of the Institution	Overall Rating Of this Webinar	SESSION FEEDBACK & QUESTIONS	Role
HARI.V	P.S.V. COLLEGE OF ENGINEER	5	Nice webinar and useful for us	Student
Swati Nigam	New Horizon College of Enginee	5	Informative Session	Faculty Member
D. Priyamanohari	Akshaya College of Engineering	4	The session is very useful. The speaker is very knowl	Faculty Member
V.Ramkumar	Tamilnadu college of Engineerin	4	Yes	Student
DEEVAN AJAI S	Vel tech High tech Dr.rangarajar	4	None	Student
Sri Vivetha S	Salem College of Engineering a	5	Useful webinar and good explanation	Faculty Member
Dr. P.Narasimman	Kings College of Engineering	5	Nil	Faculty Member
Dr.R.SATHISHKUMAR	SRM TRP ENGINEERING COLI	5	Nil	Faculty Member
A.ANWAR BASHA	Aalim muhammed salegh Colleg	5	Very useful	Faculty Member
Abhinav	Dronacharya College Of Engine	5	The session was interactive and informative	Student
UDHAYAKUMAR K	VIT vellore	5	very good, need recording sir	Research Scholars
JAIGANESH.R	P.S.V.COLLEGE OF ENGINEEF	4	Useful	Student
MONIKA GUPTA	NEW HORIZON COLLEGE OF	5	Excellent	Faculty Member
SRIKANTH S	Vel Tech High Tech Dr. Rangara	5	Usefull to understand and helpfull session	Student
Ashwanth S	Ashwanth S	5	Excellent	Faculty Member
GOKUL.R	P.S.V COLLEGE OF ENGINEEF	4	Nice presentation	Student
Thirumagal	Kings College of engg	5	Nice	Faculty Member
YOGESH.A	P.S.V. COLLEGE OF ENGINEEI	4	Nice webinar	Student
Vijayakumar.M	Tamilnadu college of engineerin	5	Good and useful	Student
JAYASURYA E	Vel Tech High Tech Dr. Rangara	5	No questions and the session was really awesome.	Student
Naresh Kumar s	Veltech hightech	4	Nil	Student
M.MOHAMMED MUJEEEE	Aalim muhammed salegh colleg	5	Know more about this Q blade and wind energy	Student
SURYA M	Tamilnadu college of engineerin	5	Nice explain	Student
T Mohammed Saleem	AALIM MUHAMMAD SALEGH (5	Almost Every Thing Was Good And More Knowledge	Student
SUBIKSHA V	VELTECH HIGHTECH DR. RAN	5	Helpful session	Student
PRATHAPRAJ	TAMILNADU COLLEGE OF ENI	4	Well explanation	Student
B.Hemanathan	Aalim Muhammad Salegh colleg	5	Very nice and good sir	Faculty Member
Dr M.B.Hemanth Kumar	TANGEDCO	5	Good Explanatin	Assistant Engineer
G.DINESH KUMAR	St.Peter's College of Engineerin	5		Student
