Guidelines to be followed for SEMINAR Preparation

06.02.2023

The followings are the guidelines should be followed by the students to choose their seminar topic.

- Every student they should choose their seminar topic based on “how your education is the most powerful tool to make this universe very beautiful? (Beautiful for example implies that all the people will be treated equally, there is no poverty, there is no water scarcity and etc.)
- To achieve this, Find out, **what is your what** based on your heart not based on your mind? (Such as becoming scientist, Wish to go to moon and do research there, To do farming using digital technology, want to become astronaut, to become entrepreneur, to become calligrapher, and etc.
- Strategies to make this universe very beautiful through education and hence you will become master in your interested field with much more different useful skill sets.
- Strategy 1: Find what is your what (your interested field).
 - There are three constraints to find what is your what.
 - Constraint 1: Find out something you love.
 - Constraint 2: Find out that you are good at.
 - Constraint 3: Find out that will be for you.
- Strategy 2: Growing towards the what. (Putting zero effort will yield failure and our dream will not come to true. This is actually without putting any effort into what you love. So dreaming only will not help you to reach your what. As soon as, you find what is your what, then take steps in growing towards your what).
- Strategy 3: Contributing to the society from your what. We will be very happy but we are not fulfilled without any contribution to the society.
 - How are you planning on contributing to the society through your what.

Based on these strategies, you have to choose the topic through which you can plan to make this universe very beautiful.

Requirements and Facilities:

- All the students of a section should present seminar compulsorily on the topic they have opted.
- The absentees during SSTP Seminar Session will be viewed seriously. Discipline gives glory of success in any human being. The primary requirement of seminar is discipline. The indiscipline problem of a student will reflect in their Certificate of Participation in SSTP which plays vital role later in the career part of a student.
- Students should present their seminar topics in English language only.
- Students should present seminar for the minimum of 15 minutes.
- Students should prepare minimum of 10 PPT slides.
- Students should prepare presentation with Power Point Slides, Audio, Video if necessary apart from traditional teaching aids using black board and chalk.
- They should submit the prepared material such as notes, PPT slides and print out to the SSTP faculty team member after their seminar gets over.
- Students will be provided with LCD Projector, Audio Systems for their effective presentation. Seminar should be interactive.
- 4 students per session (7th and 8th periods) will be considered.
- **The performance of the students in the seminar session will be evaluated in a prescribed format by the panel of members including Head of Department, Senior Member of Department and SSTP Faculty Team Member.**
- The students should be well before informed about the guidelines to be followed for the preparation of seminar session. Students should be given sufficient time (atleast one month) to prepare on the topic what they want to present. Students are advised to utilize this vacation period after their exams for their seminar preparation.
- The students should be informed about this personally getting their acknowledgement (with date) after knowing the guidelines, requirement and facilities. The guidelines, requirements and facilities should be displayed in the department notice board. The guidelines, requirements and facilities can also be sent to the e-mail ids of the students.

Due Dates to be followed:

1. Last date of informing students in person/E-mail/Notice Board about guidelines of preparing seminar, requirements and facilities needed for seminar : 06.02.2023 .
2. Last date of submitting acknowledgments of column 1 (According to TEMPLATE NO: AMSCE-SSTP-Seminar_Ack_V2.1) : 06.02.2023
