

Institutional preparedness for National Educational Policy

1. Multidisciplinary/interdisciplinary:

The National Education Policy's objective in developing the capabilities of learners in multidisciplinary domain is well understood by the College. Realizing the need and importance of Multidisciplinary and Inter-disciplinary skills, Anna University has introduced Multidisciplinary and Inter-disciplinary Courses in Regulations 2021 under various Verticals. Our College has implemented these Multidisciplinary and Inter-disciplinary Courses through Professional Elective Courses under various Verticals for our Student to have broader knowledge on various domains. In addition, the College is Organizing various Inter-Disciplinary Skill based short -term training programmes for the Students in various domains.

2. Academic bank of credits (ABC):

As per the Regulations of Anna University, Our College is adopting choice-based credit system for all the Academic Courses. The upload of Students' Mark Sheets and Degree Certificates in the National Academic Depository (NAD) is available with Anna University, since our College is affiliated with Anna University, Chennai.

3. Skill development:

As per the guidelines of IQAC, the College plan and schedule Skill Development Courses in order to improve the employability of the Students. Skill development programme such as Soft Skills Training programmes, Seminars, guest lectures, workshops, IELTS, etc., are conducted periodically as per the schedule by each department through online and offline modes. The College also encourage Students to undergo NPTEL course and support them by providing guidance through course coordinators. The College is an active member of IIT PALS and ICT academy. Under such prestigious membership, Students actively participate in various programmes and bring laurels to the College. Apart from this, the College also organize industrial visits and internships periodically to enable Students to acquire industry knowledge. A credit based skill development is implemented for the Students under National Skill Development Corporation (NSDC) under Tamil Nadu Government Naan Mudhalvan Scheme to improve their Skill Sets and Employability.

4. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course):

As part of NEP, Anna University has introduced the following Courses, GE3152 Heritage of Tamils and GE3252 Tamils and Technology in the Curriculum for the first year B.E/B.Tech Students. To make Students to have diverse knowledge on languages and culture, the College was organizing events like Debate, Symposiums, and Discussions etc in local language in addition to the regular curriculum. Also, the Students are participating in the events organized by other organizations. The site visits to historical monuments, museums, heritage centres etc is also planned to enable Students to have awareness on Indian culture and tradition.

5. Focus on Outcome based education (OBE):

The College is affiliated with Anna University and follows the Outcome based education as per the regulations provided by the University. The College has kept focus on OBE and put maximum efforts to achieve the desired outcome by deploying several strategies in the teaching learning process like conducting special classes, workshops, guest lectures, organizing industrial visits and internships, guiding projects etc.

6. Distance education/online education:

The College has implemented online education since during COVID time. All the department buildings have smart rooms with high-speed Wi-Fi facility and broadband connection. Online special classes, events, webinar programmes are conducted frequently by our faculty members through online platforms like Google Meet, Webex, Zoom etc.
