"Nizara Educational Campus" Muthapudupet, Avadi-IAF, Chennai - 55.

7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust.

Response:

The institution has been prepared to the educational needs of the most backward, poor and minority sections of society with the best Faculty members and excellent infrastructure. The distinctive practices of the institution have led to improvement and have had a prominent impact on the quality of the institutional provision. The key formulations followed by our college are transparent procedure in all the process, effective student mentoring, availability of an amazing ambience that supports creativity and innovation, construction of language lab and organization of blood donation camps through National Service Scheme. The institution strives to induce the social responsibility in the minds of the students. Since its inception the institution has been striving hard to develop all-round personality of the students. The institution aims not only in fulfilling academic needs of the learners but also in reinforcing the values of social responsibility and leadership skills.

The institution is highly committed towards community and rural engagement and participates in development. The institute is striving to uplift the students from rural background and learning background is vernacular languages. As a part of institution's social responsibility, the following are the major distinctive areas where the institution shows commitments towards societal contribution and nation building. The Scholarships schemes instituted by Management and Govt/Non-Govt agencies are promoted among the students. Soft skills Training Programmes is another distinctive areas where the institute is supporting students. These practices has become distinctive features since the inception of the Institute and resulted into upliftment of numerous students from rural background with weak financial strength. In year 2022-23 only more than 1000 students have been benefited through various scholarships. In placement training programmes, conducted large number of Pre-Final and Final Year students got benefited in the academic year 2022-23 and resulted into placement of students.

SCHOLARSHIPS

Scholarships as a part of social responsibility, the institution provides various scholarships for the students. State Government and Central Scholarships, Community Scholarship, Alumni Scholarship for maintaining good academic percentage, Sports Concession and Management Sponsorships etc.,

SOFT SKILLS TRAINING PROGRAMME (SSTP)

Career planning and Development cell (CPD) of the institute puts continuous efforts in imparting best skill-sets to the students. The cell arranges following activities to improve the knowledge of the students with the most recent technological developments:

- Industry – Institution interaction to establish a rapport with the industry.
- Seminars, workshops and lectures by experts from the industry.
- Career guidance for competitive exams and higher studies.
- Industrial training and visits.

Industry-Interaction Innovation cell is established in the College, where experts from the industry regularly conduct training sessions for the students. These collective efforts avail the students the necessary industry exposure which helps them in connecting classroom knowledge with industrial observations. It also prepares them to deal with the working standards of the industry in public and private sectors. The cell interfaces with the reputed organizations for arranging interviews and campus drives. The table below exhibits the record of placements in the last five years.

Table: placement and higher Education during the last five years

Year	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Eligible students	440	390	321	219	262
Placed (A)	426	371	294	203	245
Higher studies (B)	4	1	4	6	2
Total (A+B)	430	372	298	209	247

This exemplary placement record has positioned the institute among the topmost private institutions in the university. The institute's performance in placements has been acknowledged by various renowned agencies. Institute also believes that today's job seekers also have the potential of becoming tomorrow's job creators. To help the students to develop entrepreneurship skills, the Innovation and Entrepreneurship Development Cell is established in the institute in the year 2013-14. Institution is having MoUs with various industries and organizations. Activities like invited talks, workshops, boot camps, certificate courses, internships, guidance for higher Education etc. are organized in collaboration with them. It gives our students an opportunity to interact with industry persons and eminent academicians directly and hone their skills, thereby improving their experiential and participative learning experience.
