**REPORT FOR ONAM CELEBRATION 2021-2022**

Onam is a Malayali festival which is celebrated by native speakers of Malayalam. As per the Solar Calendar followed by Malayali people, the festival of Onam is celebrated in Chingam month .

Despite being a demon, King Mahabali was known to be generous and kind, and his reign is regarded as the golden era in Kerala, which is why his 'return' is so widely celebrated. According to Vaishnava mythology, it is said that Mahabali came to power by defeating the gods and taking over the three worlds. Gods were unhappy with his popularity and asked for Lord Vishnu's help in a battle against the demon king. Vishnu agreed to help but did not want to participate in a battle as Mahabali was his ardent devotee. Instead, to help other gods, he took the form of a poor dwarf Brahmin (his Vamana avatar from the Dasavatara) and visited Mahabali, asking the king to grant him three wishes. The Brahmin requested the property right over a piece of land that measures "three paces", to which Mahabali agreed. The dwarf suddenly grew in size and covered everything Mahabali ruled over in just two steps. For the third step, Mahabali offered his head.

Aalim Muhammed Salegh College of Engineering celebrated Onam with great enthusiasm and traditional fervor on **Saturday, August 21, 2021**. The event featured a series of captivating performances, showcasing the rich cultural heritage of Kerala, the southern state of India. The celebration not only involved the students ,creating a sense of unity and togetherness. The celebration commenced with a prayer, setting a spiritual tone for the event.Kishore,Volunteer, delivered a speech highlighting the significance and history of Onam. The celebration fostered a sense of unity and belonging among the college's community, as it provided an opportunity for staffs and students to come together and celebrate as one large family.

Chief Guest Lt. General (Retd.) Zameer Uddin Shah, Former Vice-Chancellor, Aligarh Muslim University commended AMP for holding these unique exams and for rewarding the winners. He said, *"These students who participated in the exams are the future leaders of the country as they tested themselves for their skills and knowledge and will learn from their failures on the Path to Success."* He addressed the students on the basic characteristics of Leadership and congratulated all participants.

Mr. Aamir Edresy, President-AMP and the brain behind the initiative said *"The National Talent Search Awards (NTS) are just a beginning in the long road to help students achieve their full potential. In the coming days, we will help all these Students with all the initiative of AMP"*. He further announced that *"AMP will launch a unique mobile App especially for these students soon, through which we will provide all information pertaining to Higher Education as well as AMP Projects & Activities which will help them in completing their education and get on to the path of Professional & Personal Success."*

Mohammed Lateef Khan Sahab - Founder Trustee and Chairman of MS Education Academy and a sponsor for the event appreciated AMP for taking the lead in organizing the Talent Search Exam nationally and bringing all students together on one platform. He said the #COVID-19 pandemic made it possible that he could address students from so many cities simultaneously today, which was unthinkable before. Thus this pandemic while bringing in problems has also thrown open doors for many new possibilities.

While hosting the event, Prof. Syed Khaleel Ahmed, Project Lead – NTS 2020 and a Mentor & Trainer for last 20 years, said *"The winners of this NTS exam have shown that it doesn't matter what the background is but the students' hardwork which matters."* He gave example of Miss Asna Fatema, the 2<sup>nd</sup> prize winner (Rs. 20,000) in the Junior category, who studied in Urdu Girls High School & Junior College, in Buldhana Dist. Of Maharashtra.

Mr. Razak Shaikh, Head – AMP projects and the driver of the NTS exam project said that AMP is like a funnel for gathering talent. He said the main aim of the NTS – 2020 was to make students think of competing on a National level and not be contented with excelling at the city or the state level. He further said that in the next year's edition, AMP would be looking at a participation of at least 1 lakh students in each category.
